

Customs permit declarations made simpler & hassle-free

Leave your declarations in good hands with GUUD

Tedious permit declarations are a thing of the past with GUUD TDS. Using the latest and right technologies such as Cognitive Machine Reading (CMR) built on integrated AI and EDI-based IT automation capabilities, we deliver highly accurate declarations up to 6 times faster.

With strong 24/7 support from our highly skilled and qualified declarations team, you can now speed up your entire declaration process with ease while ensuring 100% AED compliance and accurate customs permit declarations, lowering the likelihoods of incurring penalties on late or erroneous submissions.

GUUD has close to 18% of the market share in Singapore, and more than 90%* of our customers have successfully achieved their goals with our service. Thus you can rest assured that our team is always committed to ensuring the highest service standards at all times.

Overcome the challenges of permit declarations with GUUD TDS

Achieving 100% accuracy in permit declarations doesn't have to be difficult or costly when you leave it in our expert hands.
